

SMART LEARNING SYSTEM • LMS

Turning Training into Real Results

A complete enterprise learning platform — from content management and learning paths to exams and certification, fully digital. Unify scattered training and make its impact visible and measurable with data and AI. Serve employees, sales, dealers, doctors and partners through blended online, live and offline learning.

◆ Faster to Launch

Standard product with flexible configuration — stand up your learning portal fast, no from-scratch build.

◆ Visible Results

Progress, exam outcomes and certifications fully recorded — training impact backed by data.

◆ Reusable Assets

Organizational knowledge keeps compounding through learning maps and capability models.

CORE VALUE

One system to close the learning loop

Not a single video site, but a complete learning operations foundation spanning content, paths, certification, operations, AI and data.

1 Unified Learning Portal

Consolidate scattered training via academies, categories and permissions into one digital learning hub.

2 Blended Learning

Online video/PDF plus offline registration, approval, check-in, instructor-led and live sessions.

3 Quantifiable Outcomes

Track progress, exams, certificates and leaderboards to build data-driven training management.

4 AI-Powered Efficiency

Course parsing, AI Q&A and recommendations improve discovery and learning support.

LEARNER VIEW

From finding courses to earning certificates

1 Multi-Academy Portal

Switch across leadership, sales, product, dealer and doctor academies on one platform.

2 Course Discovery

Clear course types with favorites, ratings and auto-tracked learning status.

3 Chapter-based Learning

Video, PDF, external links and rich text in collapsible chapter structures.

4 Registration & Sessions

Front-desk signup with multiple sessions and approval flows for controlled seats.

5 Tests & Exams

Sequenced courseware → test → exam flow; results decide certification.

6 Personal Center

Exams, registrations, favorites, leaderboards and certificates in one place.

ADMIN VIEW

One-stop content building & training operations

1 Content & Courseware

Central management of academies, skills, courses, chapters, courseware and question banks.

2 Exams & Certification

Exam management, auto-grading, certificates and flexible exam controls.

3 Operations & Notifications

News, nominations, registrations, email templates and offline check-in.

4 Data & Permissions

Comment governance, roles, organizations and analytics dashboards.

AI CAPABILITIES

AI makes learning smarter and more human

AI Smart Content Parsing

Automatically parse and structure courseware for better search and reuse.

AI Knowledge Q&A

Learners ask in natural language and get accurate answers in seconds.

AI Personalized Recommendations

Role-based models recommend required and advanced courses to each learner.

AI Learning Archive

Build personal learning profiles, learning maps, growth curves and renewal reminders.

USE CASES

One platform for every learner

Employees

Onboarding, on-the-job and compliance training in one learning hub.

Sales & Dealers

Product knowledge, sales playbooks and certification to empower channels.

Doctors & Partners

Medical education, therapy training, channel events and certification.

Trainers & Ops

Content building, exam management, operations and analytics.
